SUPER SLIM

Super Slim - Design, Quality, Value

ONE ELECTRICAL are delighted to introduce the latest addition to the wiring accessories collection.

Our premium quality Super Slim range features a stylish and unobtrusive 4mm slim plate, with subtle ergonomic rocker switches, and screw covers to create a stunning finish.

Designed in the UK with the installer in mind, the Super Slim range has a number of key features for quick and easy installation.

With its unique design, scratch resistant European urea plate, 30 year warranty and excellent value, our Super Slim range is the only choice where appearance, cost, and quality assurance are vital.

We offer our stockists an excellent range of free of charge POS material. Counter top or wall hanging display boards, floor standing product stands or wall hanging units, and un-priced catalogues are all available. The products themselves are packed in quality clear eurohook bags which allows the excellent product features to be clearly visible through the packaging.

Super Slim Range is exclusively supplied by One Electrical Ltd

SUPER SLIM
