## RECHARGEABLE LED PARASOL LIGHT 4 X 6 LEDs

### Instructions For Use

- Remove the parts from the box (the LED parasol light, 3 x AA batteries, the 6v charger)
- Place the 3 x AA batteries into the light & insert the charger. Recommended charging time is 4 hours.
- Separate the light into 2 parts by grasping from the middle, using the centre spring mechanism as your hand position, and pulling firmly apart.
- Turn on the light via switch on side
- To prolong the life, it is recommended that the fitting is brought indoors between use.
